

**CARRIER**

# 40TB

Ever since the first NRC unit was conceived, we have built equipment that challenge what is possible. With their strong and sturdy construction, NRC Carriers make recoveries safer and easier. You focus on work. We'll focus on safety.

One call after the other, the 40TB can move mountains. Its reinforced deck beams, rigid cross-members and oversized subframe components push the limit of what a carrier can haul in a day, every single day.

## CARRIER SPECIFICATIONS

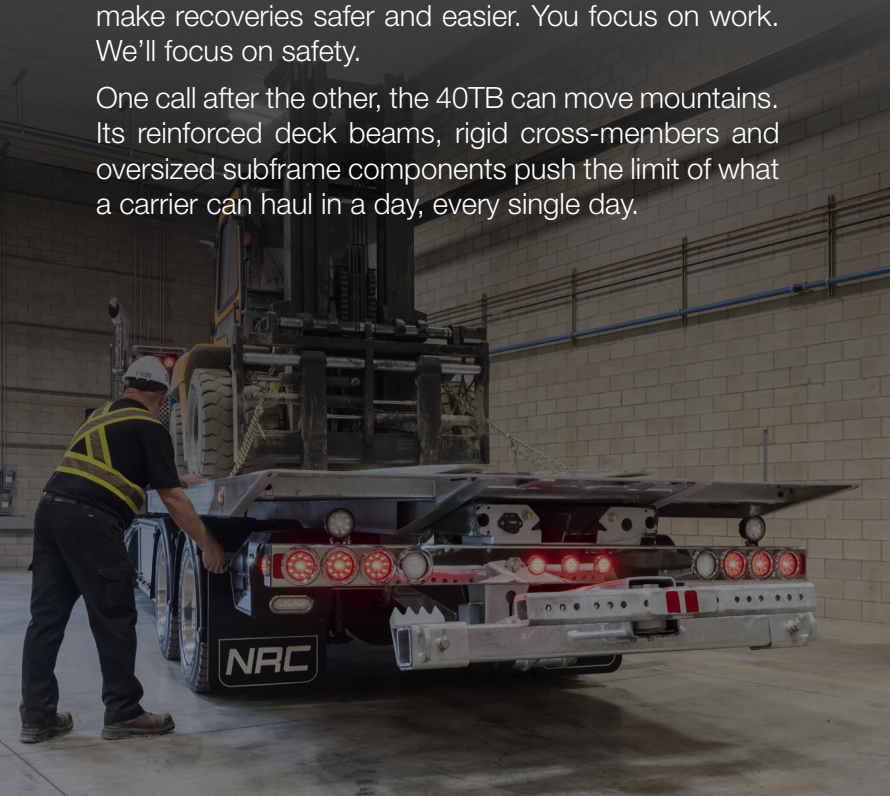

- Tow bar lift rating: 20,000 lbs@0" / 10,000 lbs@58"
- Operating pressure: 2,600 psi
